**LETTER OF RECOMMENDATION**

To Whom It May Concern

We write to recommend the services of DPS PIPES AND PLASTICS LIMITED.

Between 2020 – 2022, Strabag engaged the services of DPS PIPES AND PLASTICS LIMITED on the Phase 3 of the 5 District water project awarded by the Government of Ghana through the Community Water and Sanitation Agency (CWSA) which they executed professionally, by providing us with their very good services.

The ranges of HDPE pipes supplied worked very well with our schedules and specifications saving us time to focus on other areas of the project. Production and deliveries were well timed which was a huge advantage to us in meeting deadlines ahead of supervision.

Their communication and response team were prompt and cooperative as they come to our needs when we call. With their best partnership, we were able to cover Adidome and its neighbouring towns with pipe supply and customer satisfaction.

With our experience with DPS, we endorse and would love to work with DPS PIPES AND PLASTICS LTD in our future projects

Best regards
